PROFILE SUMMARY

Results-driven Front-End Developer with hands-on experience in front-end development, recently completed an internship at Pro Stack Academy. Skilled in developing user-centric applications using React and HTML5, with a proven ability to create responsive interfaces. Strong programming skills in Python, SQL, HTML5, CSS3, JavaScript, React and Tailwind. A proactive team player with a solid foundation in Web Development.

EDUCATION

B.Tech, Computer Science and Engineering (Specialization in Artificial Intelligence and Machine Learning)

Pace institute of technology and Sciences, Ongole, Andhra Pradesh

(April 2024)

CGPA: 7.90

TECHNICAL SKILLS

- **Programming Languages:** Python, SQL, JavaScript
- **Frontend:** React, HTML5, CSS3, Tailwind CSS, Bootstrap
- **Other Skills:** Data Structures and Algorithms, Object-Oriented Programming, AWS Basics

CERTIFICATIONS

- React JS Certification (CODETANTRA) (June 2023)
- AWS Cloud Computing Certification (Oct 2022)

INTERNSHIP

Frontend Developer — Pro Stack Academy, Bengaluru

(June 2024 – Nov 2024)

- Developed and maintained scalable web applications using React and Tailwind CSS, improving page load speed by 30%.
- Collaborated with backend developers to enhance application performance, reducing server response time by 20%.
- Ensured responsive design and cross-browser compatibility, achieving a 100% pass rate on mobile and desktop tests.

Frontend Developer — CODETANTRA, Ongole

(Nov 2022 - Jan 2023)

- Contributed to front-end development projects using React and JavaScript, increasing user engagement by 25%.
- Collaborated with cross-functional teams to deliver user-friendly features, improving overall user satisfaction by 20%.

PROJECTS

Full-Stack Product Management System

(Oct - Nov 2024)

- Developed a CRUD-based product management system using React, MongoDB, HTML5, CSS3, and JavaScript.
- Integrated RESTful APIs for efficient frontend-backend communication, enhancing performance and usability.

Dynamic Form Generator (TypeScript)

(May - Jun 2024)

- Built a dynamic form generator that lets users easily create customizable forms with React.js and TypeScript.
- Added form validation and JSON export options, ensuring accurate data and easy integration with backend systems.

E-commerce Platform with Interactive Features(React)

(Mar - Apr 2023)

- Built a dynamic e-commerce site with real-time updates using React.js, Node.js, and MongoDB.
- Enhanced user engagement with interactive features like glowing icons and live cart updates.

Expense Tracker (React)

(Jan - Feb 2022)

- Created an app for tracking daily expenses with real-time data visualization.
- Integrated secure user authentication to ensure data privacy.

AWARDS & ACTIVITIES

- **Quiz Competition:** First prize during college fest
- **Cricket Tournament:** Runners-up team member
